THURSDAY EVENING, APRIL 4.

## LOCAL MATTERS

For this season fair, slightly cooler weather, occasionally winds.

**ELECTRIC LIGHT.—**TRIP TO HAGERSTOWN.—Councilmen P. Atchison and J. H. Strider, Superintendent of Gas, Hagerstown, Md., yesterday evening with Mr. L. C. Cox, agent of the Schuyler Electric Light Company, to inspect the Schuyler system of lighting, which is now in use in that place. On account of a break down of the engine of the train and the wreck of two engines on the B. & O. railroad they were delayed in getting to Hagerstown, but on their arrival they inspected the plant and obtained much information as to electric lighting. Hagerstown has 60 arc lights and 1100 incandescent burners. They were much pleased with all they saw and they were told by persons they met that the Schuyler system was as good as any system now in operation. The Schuyler company has agreed to erect a plant in this city for \$100,000 and give the city ten years in which to pay that amount. The Alexandrians give to that amount of their trip and the delay they experienced in crawling over the rough roads, near Rockville, to get to Hagerstown on which they proceeded to Hagerstown.

**P. K. K. SOCIETY.**—The Council of the second district of the Phi Kappa Psi Fraternity, which, as stated in the GAZETTE, met at the Bradlock House yesterday afternoon, continued in session, with an hour's recess, until 10:30 last night. Delegates from the University of Virginia, Washington and Lee University, Johns Hopkins University, and the University of North Carolina were present. An organization was effected, with the following officers: Presiding officer, Ernest M. Stires, archon of the District; vice-president, C. R. Watson, of Virginia; secretary, William H. Wilson, of the University of Columbia; sergeant-at-law, Ralph E. Blinn, of Maryland; Alpha; secretary, J. R. Webb, of District of Columbia; Alpha. The reports sent in by the various chapters were very encouraging and show the District to be in a prosperous condition. The council will hold another meeting at Hagerstown, in Washington, on the 10th.

**COLUMBIA S. F. E. Co.**—A regular meeting of the Columbia S. F. E. Co. Company was held last night, President W. A. Smoot in the chair, and J. B. Arnold, secretary. The resignation of an active member was received and accepted. Two new members were added to the active list. An invitation from the Camp to participate in the ceremonies on the occasion of the unveiling of the monument on the twenty-fourth of May was received, and on motion of Mr. Strauss, the following resolution was adopted:

Resolved, That it is with pleasure we accept and cordially extend to us by Leo Camp, that we pledge ourselves to attend in a body the unveiling of the Confederate statue in May.

**THE LATE ANDREW J. FLEMING.**—By the death of Mr. Andrew J. Fleming, which occurred in this city yesterday, the already small number of old inhabitants was still further contracted. The deceased had been a resident of Alexandria for many years, having at one time been engaged in mercantile pursuits with Mr. William N. McVeigh. About twenty years ago he was a member of the Common Council from the Fourth ward, but served but one term. Mr. Fleming was a conscientious Christian gentleman, deservedly esteemed by all who knew him. He had been a deacon in the Second Presbyterian Church for many years. In scanning a copy of the GAZETTE printed in 1839 a few days ago it was remarked that the names of but three Alexandria merchants then living appeared in the advertisements. Mr. Fleming was one of the trio. There now remain but two.

**PERSONAL.**—Mr. Chas. H. Litchman and Mrs. Harold and Latham, of Marblehead, Mass., were in the city yesterday, the guests of Mrs. Charles Steiner.

Mr. A. W. Armstrong has returned from business trip to New York.

Miss Jennie B. Cline, who has been visiting friends in this city, has returned to her home in Lieburg.

Miss Lillian Neal, who has been visiting Mrs. Jeff. on upper Cameron street, has returned home.

Gen. W. H. F. Lee has gone on a trip to the South.

Among the graduates of Jefferson Medical College, Philadelphia, yesterday was Mr. Wm. Bedell Brown, son of Dr. Brown, of this city.

**KILLED.**—Michael Buckley, a brakeman on the Midland road, was knocked from a train by an overhead bridge about one mile this side of Charlottesville yesterday evening and killed. His remains were brought here this morning and taken to his home in the western part of the city for interment. He was about 21 years old and a brother of Mr. Thomas Buckley. He had been on the road for one month and had frequently passed under the bridge.

**POLICE REPORT.**—Last night was cool and clear with one prisoner and three lodged at the station house.

The Mayor this morning disposed of the following cases:

Several tramps, arrested for vagrancy, were ordered to leave the city.

A man, arrested by Lt. Smith for doing business without a license had his case continued.

**GREAT FALLS MANUFACTURING COMPANY.**—The stockholders of the Great Falls Manufacturing company held their annual meeting at the Exchange in this city today and elected the following directors: viz, B. F. Bower, Randall Hagner, S. W. Curriden, John Tompkins, W. E. Chandler and John C. Cox. The directors then elected General E. F. Butler president and Mr. J. Cox secretary and treasurer.

**COUNTY NOTES.**—Mr. S. S. Burdett has commenced the erection of a handsome residence at Charles Springs, in this county, to cost between \$7000 and \$8000.

Sheffield Welch, of the county, today left for Richmond taking with him David Boyd, who was recently convicted of an assault on W. H. Young and sentenced to the penitentiary.

**FISH.**—The receipts of fish at Fishtown are daily increasing, and since yesterday between 75,000 and 80,000 herring and 400 and 500 eels had arrived there. Herring sold at \$3.45 per thousand and eels at \$13.14 per hundred.

**POLITICAL.**—There are now four candidates in the field for Mayor, another having retired to day. For all the city officers there will, it is said, be at least two candidates, and politics now is becoming interesting if not exciting.

The regular monthly meeting of the City School Board will be held to night.

A low condition of health is common with many who allow themselves to worry. Mental anguish causes bodily sufferings. Anxiety and care has broken down many constitutions. A train of disorders usually follow mental distress. Heart affections, nervousness, sleeplessness, dyspepsia, liver complaint, kidney troubles, etc., are among the list. A sure remedy for relieving all mental and physical distress is Brown's Iron Bitters. It at once strengthens every part of the body, making work a pleasure and care unknown.

A cold of unusual severity which I took last autumn developed into a difficulty decidedly cathartical in all its characteristics, threatening a return of my old chronic malady, catarrh. One bottle of Ely's Cream Balm completely eradicated every symptom of that painful and prevailing disorder.—E. W. Warner, 165 Hudson st., Rochester, N. Y.

**Catarrh.**—For twenty years I was a sufferer from catarrh of the head and throat. By a few applications of Ely's Cream Balm I received decided benefit—was cured by one bottle.—[Charlotte Parker, Waverly, N. Y.]

## A Scrap of Paper Saved Her Life.

It was just an ordinary scrap of wrapping paper but it saved her life. She was in the last stages of consumption, told by physicians that she was incurable and could live only a short time; she weighed less than seventy pounds. On a piece of wrapping paper she read of Dr. King's New Discovery, and got a sample bottle; it helped her, she bought a large bottle; it helped her more, she bought another and grew better fast, continued its use and is now strong, healthy, rosy, plump, weighing 140 pounds. For fuller particulars send stamp to W. H. Cole, Druggist, Fort Smith. Trial Bottles of this wonderful Discovery Free at E. S. Leadbeater & Bro's.

## Hawkes' Wonderful Glasses.

As we read Mr. Hawkes' testimonials from Governors, Senators, Legislators, men of science and distinguished citizens throughout the United States, who testified to having had their eyes improved, and sometimes restored, by the use of his celebrated glasses, we realize that a glass that will reflect such brilliancy of light as to enable the wearer to see as in youth, and to read by candle or other artificial light, surely is to be desired by all spectacle wearers. ## MONETARY AND COMMERCIAL.

NEW YORK, April 4.—The opening of the stock market was quiet this morning, and prices were somewhat irregular as compared with last evening's figures, but were generally from 1/4 to 1/2 per cent. higher, but the general list developed a drooping tendency and the first figures were not maintained, although there was no movement for more than 1/4 to 1/2 per cent. The market then became very dull and stagnant, and at 11 o'clock was dull and steady, generally at slight fractions under the opening prices. Money easy at 3 1/4.
